## Fantastic Diamond Ear stud Offer

### The ideal gift

We have recently had the opportunity to purchase a large parcel of stunning diamonds at a very keen price. The parcel was too large for us to purchase independently so we have 'cherry picked' 20 half carat stones of colour G/H clarity VS.

We have mounted them, as diamond stud earrings in 18-carat white gold and are able to offer off them at £3450 the pair. The normal price would be £4750. We only have 10 pairs and expect them to sell quickly!

# Christmas Past

## Vintage Jewellery

Timeless and unique

Although modern jewellery styles are pushing the boundaries of design and producing some stunning works of art, there is still a great deal of interest and affection for antique jewellery. From the early Victorian period that introduced ornate, European influences into jewellery design right through to the angular and geometric designs of Art Deco movement, antique designs are still influencing jewellery designers today.

We have some exquisite and unique pieces currently in stock; they make the most amazing gift for Christmas, truly very special.

## FÖPE.Twin

We have sold the beautiful gold creations from the Fope family for a number of years with a huge amount of success. Their new twin range of silver torque bangles represents a new direction for them and all have the same level of craftsmanship but in a more affordable metal.

All pieces are in sterling silver mixed with palladium a member of the platinum family, which resists tarnishing and gives unrivalled brightness. The bangles offer a selection of exquisite touches which include a combination of diamonds, black and peach onyx, rubies or lapis lazuli.

Prices start from £430

## Schoeffel

At Berridges we love our pearls and always have! That is why we hold such a large range and sell so many of these beautiful gemstones.

The Schoeffel family who have been dealing with pearls since 1921 supplies all our pearls, and their knowledge and reputation are highly regarded worldwide.

We stock mainly freshwater pearls from China, which are available in a wide variety of sizes, shapes and natural colours. These are supplemented with beautiful Akoya oyster pearls from Japan and the stunning large South Seas pearls from the West Coast of Australia and Tahiti.

To complement the strings of pearls we also stock matching ranges of stud earrings and bracelets from £90.
